

List of Selected Participants for Thesis Presentation

Sl . No.	Name	Conference ID	Affiliation	Title of Abstract
1	Avijeet Prasad	ASI2017_1130	Physical Research Laboratory, Ahmedabad	Magnetic helicity and force-free properties of astrophysical magnetic fields
2	Atreyee Sinha	ASI2017_1138	IUCAA	A Multiwavelength Study of TeV Blazars
3	Nazma Islam	ASI2017_1204	Nicholas Copernicus Astronomical Centre, Warsaw, Poland	The many facets of variabilities in X-ray binaries
4	Sonali Sachdeva	ASI2017_481	Post Doctoral Fellow, IUCAA	An investigation of galaxy morphology tools and application to high redshift galaxies
5	Krishna Kumar Singh	ASI2017_755	Bhabha Atomic Research Centre, Mumbai	Very high energy gamma-ray observations of a few Fermi detected blazars using TACTIC telescope
6	Rajiv kumar	ASI2017_1177	Department of Astronomy, Xiamen University, China	Theoretical and Numerical Investigations of Accretion-Ejection Mechanism around Compact objects
7	Upendra Kumar Singh Kushwaha	ASI2017_1159	Department of Physics, University of Allahabad	Multi-wavelength Investigations of Solar Eruptive Phenomena
8	Priyanka Chaturvedi	ASI2017_433	Physical Research Laboratory	Radial Velocity studies of Eclipsing Binary Systems
9	Sajal Kumar Dhara	ASI2017_1331	Udaipur Solar Observatory/Physical Research Laboratory	Study of Evolution of Magnetic Inhomogeneities on the Sun using Narrow Band Imaging
10	Tanmoy Chattopadhyay	ASI2017_1225	Penn State University	Observational Aspects of Hard X-ray Polarimetry
11	Subhash Bose	ASI2017_1332	KIAA, Peking University, China	Multiwavelength investigation of Core- Collapse Supernovae
