

ASI2022 - List of Abstracts in Plenary

Name	Conference ID	Affiliation	Title	Abstract Type
Abhirup Datta	ASI2022_778	IIT Indore	Early Universe at Radio Wavelengths: From the Cosmic Dawn to the Epoch of Reionization	Invited
Dipanjan Mukherjee	ASI2022_582	IUCAA	Simulating young magnetised jets from supermassive black holes	Invited
Jayaram Chengalur	ASI2022_423	NCRA-TIFR	Past, Present and Future Radio Observational Facilities in India	Invited
Maheswar Gopinathan	ASI2022_430	Indian Institute of Astrophysics	The role of magnetic fields in star formation processes	Invited
Nishikanta Khandai	ASI2022_608	NISER	The Distribution of Neutral Hydrogen in the Local Universe	Invited
Pallavi Bhat	ASI2022_796	International Centre for Theoretical Sciences	Magnetic reconnection in astrophysical systems	Invited
Pravabati Chingangbam	ASI2022_602	Indian Institute for Astrophysics	Testing statistical isotropy of the universe with cosmological fields - a geometrical perspective	Invited
Rajesh Kochhar	ASI2022_794	Panjab University, Chandigarh	Early days of Astronomical Society of India: Reminiscences, Anecdotes and oral history	Invited
Seetha S	ASI2022_767	Raman Research Institution	Progress of Space based Astronomy missions in India	Invited
Tushar Prabhu	ASI2022_147	Indian Institute of Astrophysics	GROUND-BASED FACILITIES FOR ASTRONOMY IN INDIA Optical and VHE Gamma Rays	Invited
