

| ASI-2024, Workshop-2 (sub)Millimeter Astronomy: Introduction to ALMA and Indian perspectives | | |
|---|--|--|
| Time | Talk/Lecture | Speaker |
| 09:25 AM - 09:30 AM | Welcome address | |
| 09:30 AM - 10:00 AM | (Sub)millimeter Observations with single dish telescopes | Prof. Bhaswati Mookerjea TIFR, Mumbai |
| 10:00 AM - 10:30 AM | Indian Sub-mm-wave Initiative: An Update | Sc. Prantik Chakraborty SAC (ISRO), Ahmedabad |
| 10:30 AM - 11:00 AM | Radio Interferometry (1): An overview and GMRT science | Prof. Dharam Vir Lal NCRA-TIFR |
| 11:00 AM - 11:30 AM | Tea-break | |
| 11:30 AM - 12:00 PM | Radio Interferometry (2): Exploring ALMA: Unveiling Capabilities and Discoveries | Dr. Dipen Sahu PRL, Ahmedabad |
| 12:00 PM - 12:20 PM | Science Lecture: Extragalactic science using submm facility | Dr. Tuhin Ghosh NISER, Bhubaneswar |
| 12:20 PM - 12:40 PM | Science Lecture: Star Formation | Prof. Jagadheep D Pandian, IIST, Triruvananthapuram |
| 12:40 PM - 01:00 PM | Science Lecture: Interstellar Medium: A Millimeter View of the Milky Way Skeleton | Dr. Veena V S MPIR, Germany |
| 01:00 PM - 02:00 PM | Lunch-break | |
| 02:00 PM - 02:20 PM | Science Lecture: Roles of magnetic fields in Galactic star formation at different spatial scales | Dr. Archana Soam IIA, Bangalore |
| 02:20 PM - 02:40 PM | Science Lecture: Synergy of IR and (Sub)millimeter research | Prof. Devendra Ojha TIFR, Mumbai |
| 02:40 PM - 03:00 PM | Future direction, roadmap, actionable items | Prof. Bhaswati Mookerjea, TIFR, Mumbai |
| 03:00 PM - 03:30 PM | How to find my project to work with alma data (ALMA archive) (Hands-on Session I, Dr. Dipen Sahu) | |
| 03.30 - 04.00 PM | Tea-break | |
| 04.00- 05.30 PM | ALMA data, roadmap, how to analyze and do science with ALMA (Hands-on Session II, Dr. Dipen Sahu) | |
