

YOUNG ASTRONOMERS' MEET- 2026

21st-23rd December, 2026

Physical Research Laboratory, Ahmedabad

An initiative actively supported by the Astronomical Society of India, the Young Astronomers' Meet (YAM), organised by students, for the students, provides a vibrant platform for emerging researchers in astronomy, astrophysics, and cosmology from across India to present their research, exchange ideas, and foster collaborations with peers. This conference will include Plenary Talks by experts, Oral talks and Poster presentation by PhD students, along with an outreach event. There will be no parallel sessions to encourage collaboration in such inter-disciplinary fields.

STARS, ISM AND ASTROCHEMISTRY IN MILKY WAY

CONFERENCE THEMES
