

# Astronomical Society of India Working Group on Gender Equity

Anna Mani Lecture on

## A LIFE IN SCIENCE

**Prof. Rohini Godbole**

Venue: Lecture Hall 5  
Lecture Hall Complex  
IISER Mohali

March 2, 2020, Time: 5:00pm

Prof. Godbole will present a story based on her experiences as a scientist who happens to be a woman and then make some associated comments about a life in science as well as issues related to women in science.

Anna Mani lecture series is organised by the working group on gender equity of the Astronomical Society of India and its aim is to bring eminent members of the scientific community to share their experiences on the issue of gender equity. The series is named after Anna Mani, one of the pioneering women who pursued a career in scientific research in an era when most women were not allowed even to attend school.
